

With these everchanging times we need to adjust to new guidelines and safety measures.

As of April 16th, 2020, Prime Marina will be operating under the following guidelines.

EVERYONE MUST WEAR A MASK WHILE ON THE PROPERTY, THERE WILL BE NO EXCEPTIONS.

- The yard will limit the number of contractors to no more than 5 at one time.
- The yard will limit the number of customers to no more than 10 at one time.
- These rules will be strictly enforced between 8am –4pm Monday –Friday.
- After 4pm and on weekends the previous emailed guidelines still apply, only the customers that have been notified from Artie can be allowed here to work on boats that are next in line to be launched.
- If you are a R.I. resident you can come down to your boat if it is in the water but you must follow the guidelines of wearing a mask and practicing 6' social distancing.
- Our Bathrooms are sanitized daily but please use precaution and follow the CDC guidelines of washing your hands.
- Everyone must call store/office at 401-884-8828 to check in once you have arrived on property.
- A suggestion is for all to call before you head down to ensure we are not over capacity before your arrival. Please notify your subcontractors to call and schedule their time.

For our out of state customers please understand these regulations for out of state residents have been put in place by the Governor and we must abide by them. We are here for you and want to work with you to be able to get your boat launched. Please contact us to assist in helping launch your vessel. We hope the extended date of May 8th will be short lived and we can welcome you back to be able and enjoy this summer season.

We understand this may be difficult for some but please understand this is for all to be safe so we can still operate under these very trying times.

Our yard workers Artie, Ron & Nick are working hard and ready to launch your boats. Their safety and health are the utmost of importance right now. We need to limit their exposure to prevent one of them from becoming ill which would delay our launching season.

Our store is still open for curbside delivery, only employees are allowed in the store or office. Please call Bill or Nicole to place your order and schedule time of curbside delivery. 401-884-8828

Let's work together to get through this, we need your cooperation for them to stay healthy and continue working.

Failure to comply with these guidelines will result in the delay of your vessels launch.

We are fortunate to still be open and operating as RI acknowledges the importance of the Marine industry. Some Marine yards have closed down and others have limited yards to employees only. We want to continue to allow our customers to be on the property, with these new guidelines we are taking every precaution we can to keep our staff and our customers safe and healthy.

These are incredibly stormy waters that we are in right now but as New Englanders we will weather this storm and will soon be sailing in calmer waters.

Thank you for your understanding and cooperation during this difficult time.

Prime Marina EG Management
